

A PIONEER'S STORY

HE TELLS OF BEGINNINGS IN NODAWAY NEWSPAPERDOM.

DESCRIBES THE OLD JAIL

An Old City Clerk Kept Fourteen Newfoundland Dogs in His Office.

I wish to correct an error in my last letter. Somehow, Josiah Coleman was mixed up with the county judges. He was at that time a representative from this district to Jefferson City. He was also a colonel in the Missouri militia and was also quite a noted physician. Mrs. Hinton Davis of South Vine street is his daughter. He and family lived on a farm north of Maryville. John W. Coleman of East First street and Robert Coleman of Hopkins are sons of Dr. Coleman.

Matthew G. Roseberry and Albert P. Morehouse were at that time partners at law, and they had their office in the southwest corner of the court house, on the second floor. M. G. Roseberry later represented this district at Jefferson City. Albert P. Morehouse later started a paper in a room on the second floor in what was then called the B. G. Ford building, where the Nodaway Valley bank now stands.

The stairway to the upper floor was on the outside. It started at the southeast corner and extended along the south side of the building, running west, and landed on a platform at a door which led into the printing office. He called his paper the Nodaway County Democrat. He afterward took in a partner by the name of W. J. Sloan. If I remember right Mr. Sloan was from the state of Georgia.

Mr. Morehouse afterward retired from the newspaper business and was elected lieutenant governor on the Democratic ticket with John S. Marmaduke, who was elected governor. Governor Marmaduke died in office and Albert P. Morehouse succeeded to the governorship of the great commonwealth of Missouri.

George W. Martin afterward bought an interest in the Democrat, and later James Todd bought an interest, and Martin and Todd run that paper for many years, after which Todd bought out Martin's interest and continued to edit the same paper. He afterward took in a partner by the name of B. E. Condon. They continued in partnership four years, when Mr. Todd bought Mr. Condon's interest, but he continued in the employ of the paper until after Mr. Todd's death. Mr. Todd remained editor of the same paper until his death, January 31, 1907. The editorship of the same paper fell upon the shoulders of James Todd, Jr., who edited it until it was changed to The Democrat-Forum, a little over a year ago.

I will now go to the jail, which stood east of the court house, about thirty feet, and a little north. It was a one-story building, about twenty feet square. The door was on the south side of the building. If I remember right there were four cells, lengthwise east and west. The hall extended along the west side. There was but one window in the west, and that was not very large.

The town at that time used the old jail as a calaboose, as they had no place at that time to confine their prisoners, and it was not a very safe place, either. The walls were very thin, although it was lined on the inside with sheet iron. When the old jail was torn down the city of Maryville bought the old jail cells at a greatly reduced price and moved them upstairs in the back room, next door north of the old Nodaway Democrat building, on the southeast corner of the public square.

Immediately east and a little to the north of the old jail stood a little brick structure about eight by ten feet square, that had subsequently been built for the clerk's office. After the

clerk's office was moved upstairs in the old court house the constable of Polk township was allowed to occupy that room. The constable's name was Zederick Montgomery Pike Spaulding, better known as Z. M. P. Spaulding. He has a son living in this county.

I never hear the name of Newfoundland but what I think of Pike and his Newfoundland dogs. I think he only kept five in that little old clerk's office. Some say he had more. To satisfy yourselves ask some old pioneer who was acquainted with him at that time.

It may become necessary to return to the old court house again to give the particulars of that snipe hunt that so many of the old citizens took such an active part in that night. Of the lawyers who prosecuted and those who defended but few are left here now.

It has been said that William J. Bryan was the originator of sixteen to one. I shall take issue, for I think it can be proven that it originated at the Moreland house, on the north side of the public square. I will go there next week.

IN AUTO ACCIDENT NEAR KANSAS CITY

Mr. and Mrs. Chester Bennett returned Tuesday night from a short trip to Kansas City. Mr. and Mrs. Bennett met with quite an experience Monday evening that might have resulted much more seriously than it did.

They left Maryville Monday morning at 7 o'clock for Kansas City in an automobile with Mrs. Bennett's brother, Homer Shipp, who was driving James B. Robinson's automobile, which he had exchanged in buying his new touring car, and was taking it to a Kansas City garage. Mr. and Mrs. Bennett intended to visit friends a few days before returning.

At 5 o'clock Monday evening, as they were within a mile of Kansas City and near a big bluff, one of the back wheels of the car came off, and Mrs. Bennett was whirled out, but she was caught by Mr. Bennett in time to prevent her going under the machine. She was not injured, other than badly frightened, but her dress skirt was torn to shreds.

The machine was running at a high rate of speed, but Mr. Shipp had it under perfect control and managed to stop it just in time to prevent it going over the cliff or bluff. He says he was not able to tell what prevented it turning completely over when the wheel went off.

They telephoned to Kansas City for another car and were taken to the city in a short time, and the car they made the journey in was repaired and Mrs. Bennett was fitted out with a new suit. They will have reason to remember their honeymoon trip. Mr. and Mrs. Bennett were only recently married. Mrs. Bennett was Miss Bernice Shipp.

LARGE MOTOR TRUCK ON WAY TO NEW YORK

A large travel worn Sauer Pioneer motor truck arrived in Maryville Tuesday night from St. Joseph and left Wednesday morning for Tarkio. W. H. Slingerland, formerly a cartoonist on the St. Joseph Gazette; Arthur C. Thompson, representing the Chicago agency of the motor truck manufacturers, and G. A. McLean, driver, are in charge of the car and taking an ocean to ocean trip. If they arrive in New York they will be the first to make a motor truck journey across the continent. The trip started from Pueblo, Col., March 4, and the car was driven over the mountains to San Francisco, arriving there May 24. The truck was sent back to Pueblo by freight. From there it started east to St. Joseph, will go to Omaha and Chicago, and then to its final destination, New York City. The truck is packed with emergency kits, and a complete camping outfit, so that the autoists are as comfortable as possible, and are able to make their own repairs if need be. Its sides are covered with photographs of the trip, and names are scribbled on every conceivable place on the car, with addresses from almost every town through which the car has passed.

The C. W. B. M. of the Christian church will hold an ice cream social on the court house lawn Saturday afternoon and evening, June 24th.

S. S. CONVENTION

INTERESTING SESSIONS OF A. M. E. SUNDAY SCHOOL WORKERS.

MANY GOOD PAPERS READ

Local Ministers Taking Part in the Sessions—Fifty-Six Delegates in Attendance.

At 2:30 o'clock yesterday afternoon the A. M. E. Sunday school convention was called to order by the district Superintendent, Miss Edna Cooper of Trenton, in the A. M. E. church of this city. Rev. J. K. Ponder and Rev. L. H. Harris conducted the devotional exercises, after which Miss Hattie Miles of Liberty was elected secretary, and the various committees were appointed.

Miss Cooper then delivered her annual address, which was full of good and wholesome advice. The committee on credentials made its report, showing an enrollment of fifty-six delegates.

Some excellent papers were read, which evoked not a little discussion. Considerable enthusiasm was aroused, and the outlook for an excellent meeting is bright.

At 8 o'clock the people assembled and listened to a sermon by Rev. J. M. Endicott, who spoke on a call to the ministry. The feature of the evening were the addresses of welcome by Dr. Ford, pastor of the First M. E. church, on behalf of the citizens of Maryville, and Miss Dorothy Fields on the part of the A. M. E. Sunday school.

Dr. Ford, in a very pleasing way, told how he felt that the colored people were to be commended for their marvelous progress in the face of such opposition as had been theirs. He said that they were co-workers with the Master in carrying out the divine plans, and he was pleased to note that they were doing their part of the work. Dr. Ford certainly won a warm place in the hearts of his hearers by the note of encouragement which he sounded.

At this morning's session Dr. Christie, the district superintendent of the M. E. church, and Rev. John of the M. E. church were introduced to the conference, both making encouraging addresses.

Rev. Endicott, Rev. Monroe, Rev. Harris and Rev. Wells read papers, which were indeed full of thought and were happily received by the convention.

Dr. H. T. Kealing, president of Western university, is expected for this evening's service. Dr. Kealing is one of the most learned men of the church, and an address from him is always looked forward to with much delight.

HOUSE PASSES UNDERWOOD BILL

Measure Revising Wool Schedule Goes Through.

PARTY LINES ARE BROKEN.

Number of Insurgent Republicans Vote With Democrats—Report of Tariff Board Will Not Be Ready Until December—Taft Sends Message.

Washington, June 21.—The house, by a vote of 221 to 100, passed the Underwood wool tariff revision bill, providing for a reduction of the duty on wool and manufactures of wool. Twenty-four Republicans voted with the Democrats for the passage of the measure, and one Democrat, Representative Francis (O.), voted against it.

In a special message to the house of representatives, Mr. Taft stated that the tariff board would not be ready to submit a comprehensive report on woolen and cotton schedules of the tariff law until December next.

The president's message was called out by a house resolution requesting him to transmit at once all of the information procured by the tariff board relating to wool and the manufacture of wool.

Mr. Taft included in his message a statement from the tariff board as to the status of its inquiry and also a statement by a committee of the National Tariff Commission association, which recently conducted an investigation of the methods of the tariff board. This report was highly commendatory of the board's work.

President Taft said he transmitted the house resolution to the board, which, in reply, prepared a statement enclosed.

CROWD AT TRIAL OF SEE

Extracts of Books Written by Apostle of Absolute Life in Evidence.

Chicago, June 21.—A long line of people, school girls and boys and women, young and middle aged, struggled for an hour to get into the court room when the trial of Evelyn Arthur See, founder of the Absolute Life cult, charged with abduction, was resumed. Scores were turned away.

Manuscripts of two of See's books, containing the history of the cult, one of them written in jail, were admitted as evidence.

The prosecutor read many pages through which See claimed to be a divine agent for the purpose of purifying the world and creating a new race of men and women, all to be physically and spiritually perfect.

Peace in Peddlers' Strike.

Chicago, June 21.—Peace followed death and riots in the peddlers' strike when Mayor Harrison announced that the hawkers might cry their wares in the streets between the hours of 9 o'clock in the morning and 4 o'clock in the afternoon until the city council took further action concerning the repeal of the anti-noise ordinance. Scores were severely beaten and one man was slain in encounters resulting from the strike. George Metropolis was shot to death.

Opposes Union of Churches.

Philadelphia, June 21.—The Rev. Dr. John Clifford of London, president of the Baptist World alliance, now holding its second congress in this city, speaking before the delegates, took a firm stand against any "unity of organization among the Christian churches. Rev. Shaller Mathews of Illinois addressed the congress on the sufficiency of the gospel for the salvation of society.

Defer Selection.

Jefferson City, Mo., June 21.—The Democratic state committee deferred the selection of a national committee-man to succeed the late Moses Wetmore until a later date, because of the desire of the supporters of Senator Stone to avoid precipitating a clash with the followers of former Governor Folk.

Rev. Clyde Gow Denied New Trial.

Jefferson City, Mo., June 21.—The Rev. Clyde Gow, who is serving a four years' sentence in the penitentiary in connection with the death of Miss Lissie Gleason of Lincoln county, was denied a rehearing of his appeal by the supreme court.

SCOUTS ARE TRAINING IN FIRST AID

The Fox and Panther patrols of the Boy Scouts went on an all-day hike this morning. They will spend the day in signal practice with flags, the wig-wag system, and in first aid to the injured practice, preparatory to taking the examination of second class scouts.

Many scout masters throughout the country are placing much importance in the training of the boys in first aid. The boys, in fact, like the work and take pride in feeling that they are prepared in the case of emergencies to help either strangers or those dear to them. Clarence R. Craig, scout master of Phoenix, Ariz., gives much time each week to first aid work. He has prepared a list of ten questions regarding first aid, and he makes it a point to quiz the boys unexpectedly as to what they would do in certain emergencies. For instance, he makes it a point to turn quickly to a scout and ask, "What would you do for fainting?" "What would you do if you were with a companion on a desert on foot three miles from a doctor, and his thigh should be broken?"

Another question is, "Describe the bones of the skull."

Dr. Charles T. Bell is giving the local scouts lessons in first aid to the injured, and they enjoy the work very much. Under his personal direction they are learning right methods and getting along much faster and better than they could by studying a manual.

MORE HAIR FOR MEN, WOMEN, CHILDREN.

The Koch Pharmacy Has the Secret and Gives It to the Readers of The Democrat-Forum.

To properly treat the hair so that it will grow abundantly and luxuriantly, one should first banish dandruff and stop falling hair and itching scalp. This can easily be done with Parisian Sage, sold by the Koch pharmacy with an absolute guarantee to cure dandruff, to stop all falling hair and itching scalp, or money back.

It cures dandruff by killing the germs, and it kills them so promptly that the most skeptical give it praise. But Parisian Sage is more than a cure for dandruff—it will make hair grow on any head where the hair bulb is not altogether dead.

And we want every reader of The Democrat-Forum to know that Parisian Sage is the most delightful hair dressing in the world. It is so pleasant to use, and its effect is so invigorating that it causes the hair to become lustrous, fascinating and full of life.

Large bottles only 50 cents at the Koch pharmacy and druggists everywhere. Girl with Auburn hair on every package.

FOUND OUT HIS UNKNOWN FRIEND

For some months past Judge I. K. Alderman of this city has received post cards from various foreign parts of the world, signed "J. F. S.," on which would be written a message in familiar style that puzzled him greatly, because he could not think of any one he had ever known with those initials who was taking a foreign trip. On his birthday anniversary, which he celebrated recently, he happened to receive a photograph post card from "J. F. S.," evidently the likeness of the writer, a fine looking young soldier, and Judge Alderman was more puzzled than ever as to who his friend might be.

Finally, a letter to the late Judge Sam B. Arnold, received a few days ago and read by his administrator, George F. Woodworth, which was shown to Judge Alderman, revealed the identity of the young man, who is J. Frederick Snyder, chief yeoman on the battleship South Dakota, now at San Diego, Cal. Mr. Snyder is the son of Mrs. Anna Snyder of this city.

Judge Alderman at once wrote to the young man, and on Tuesday received a letter from him, in which he said:

"Quite often the desire to send post cards to my friends caused me to remember you from some of the ports I have visited, and my initials are rather misleading, as my 'S' is more of an 'L,' but I am very glad to be remembered by you.

"I have traveled, on board this vessel, something over 74,000 nautical miles and have visited a great many of the countries and cities of South America and the Orient, thereby gaining an experience which most people would greatly appreciate, and at the same time I have done very well from a naval standpoint, although I do not expect to continue in the service.

"With best regards and wishing yourself many more pleasant birthdays, I am,

"Very truly yours,
"J. F. SNYDER.
"Chief Yeoman, U. S. Navy."

Eldon Irwin spent Sunday in Pattonsburg.

O. K. Herndon left Tuesday evening on a business trip to Oklahoma City.

HAVEMEMEYER TO FIGHT TRUST

Son of Late Sugar King Will Battle With Monopoly.

TELLS PLANS TO COMMITTEE.

If Court Gives Him Right to Vote Common Stock of the National He Will Make Company a Competitor of the American.

Washington, June 21.—With all the frankness of youth, Horace Havemeyer, the twenty-five-year-old son of the late sugar king, H. O. Havemeyer, told the house sugar trust investigating committee of his plans to fight the so-called trust his father had built up. Incidentally, young Havemeyer defended every action of his father and scored those who today would condemn him.

In brief, the plan of Mr. Havemeyer is to procure from the courts the right to vote \$10,000,000 worth of common stock in the National Sugar Refining company, now in the name of James H. Post, buy enough of the preferred stock of the company to make a majority interest and then manage the company in opposition to the American Sugar Refining company.

"I want to make a career for myself," declared the young millionaire. "I have no interest in the American company and no sympathy with those who are running it now."

Then he defended his father's record and expressed his idea that a combination of commercial concerns was a "good thing," and that industrial advancement of the United States was due to "trusts."

Elder Havemeyer a Philanthropist. Mr. Havemeyer declared it as his belief that his father acted from philanthropic motives in organizing the first sugar combination in 1887. "He told my aunt," he said, "that the companies would either go 'busted' or be taken into a combination."

The reason his father sold his holdings in the American Sugar Refining company, when he was president, the son said, was because he did not want any one to say he was managing the American for his personal benefit. Young Havemeyer said his mother told him this was his father's idea.

"About the only person father talked affairs with was my mother or my aunt. Once a man—I think his name was White—said father was managing the company for his personal benefit. It made him so sick he decided to get rid of his stock. He had been getting \$100,000 salary as president, but was the only man who ever succeeded in running the American, and they have not had one like him since."

Mr. Havemeyer declared the combination of three companies into the National Sugar Refining company had the effect of increasing trade.

"And decreasing competition?" suggested Chairman Hardwick.

"Oh, I will admit that competition was reduced," the witness said, "but through the National the properties were made able to compete harder with outside companies."

A HARMLESS WAY TO DARKEN THE HAIR

A Little Sage and Sulphur Makes Gray Hair Vanish—A Remedy for All Hair Troubles

Who does not know the value of sage and sulphur for keeping the hair dark, soft, glossy and in good condition? As a matter of fact, sulphur is a natural element of hair, and a deficiency of it in the hair is held by many scalp specialists to be connected with loss of color and vitality of the hair. Unquestionably, there is no better remedy for hair and scalp troubles, especially premature grayness, than sage and sulphur, if properly prepared. The Wyeth Chemical Company of New York put up an ideal remedy of this kind, called Wyeth's Sage and Sulphur Hair Remedy, and authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agent, Koch Pharmacy.

VOLUME 2.

MARYVILLE, MISSOURI, WEDNESDAY, JUNE 21, 1911

NO. 15.

A PIONEER'S STORY

HE TELLS OF BEGINNINGS IN NODAWAY NEWSPAPERDOM.

DESCRIBES THE OLD JAIL

An Old City Clerk Kept Fourteen Newfoundland Dogs in His Office.

I wish to correct an error in my last letter. Somehow, Josiah Coleman was mixed up with the county judges. He was at that time a representative from this district to Jefferson City. He was also a colonel in the Missouri militia and was also quite a noted physician. Mrs. Hinton Davis of South Vine street is his daughter. He and family lived on a farm north of Maryville. John W. Coleman of East First street and Robert Coleman of Hopkins are sons of Dr. Coleman.

Matthew G. Roseberry and Albert P. Morehouse were at that time partners at law, and they had their office in the southwest corner of the court house, on the second floor. M. G. Roseberry later represented this district at Jefferson City. Albert P. Morehouse later started a paper in a room on the second floor in what was then called the B. G. Ford building, where the Nodaway Valley bank now stands.

The stairway to the upper floor was on the outside. It started at the southeast corner and extended along the south side of the building, running west, and landed on a platform at a door which led into the printing office. He called his paper the Nodaway County Democrat. He afterward took in a partner by the name of W. J. Sloan. If I remember right Mr. Sloan was from the state of Georgia.

Mr. Morehouse afterward retired from the newspaper business and was elected lieutenant governor on the Democratic ticket with John S. Marmaduke, who was elected governor. Governor Marmaduke died in office and Albert P. Morehouse succeeded to the governorship of the great commonwealth of Missouri.

George W. Martin afterward bought an interest in the Democrat, and later James Todd bought an interest, and Martin and Todd run that paper for many years, after which Todd bought out Martin's interest and continued to edit the same paper. He afterward took in a partner by the name of B. E. Condon. They continued in partnership four years, when Mr. Todd bought Mr. Condon's interest, but he continued in the employ of the paper until after Mr. Todd's death. Mr. Todd remained editor of the same paper until his death, January 31, 1907. The editorship of the same paper fell upon the shoulders of James Todd, Jr., who edited it until it was changed to The Democrat-Forum, a little over a year ago.

I will now go to the jail, which stood east of the court house, about thirty feet, and a little north. It was a one-story building, about twenty feet square. The door was on the south side of the building. If I remember right there were four cells, lengthwise east and west. The hall extended along the west side. There was but one window in the west, and that was not very large.

The town at that time used the old jail as a calaboose, as they had no place at that time to confine their prisoners, and it was not a very safe place, either. The walls were very thin, although it was lined on the inside with sheet iron. When the old jail was torn down the city of Maryville bought the old jail cells at a greatly reduced price and moved them upstairs in the back room, next door north of the old Nodaway Democrat building, on the southeast corner of the public square.

Immediately east and a little to the north of the old jail stood a little brick structure about eight by ten feet square, that had subsequently been built for the clerk's office. After the

clerk's office was moved upstairs in the old court house the constable of Polk township was allowed to occupy that room. The constable's name was Zederick Montgomery Pike Spaulding, better known as Z. M. P. Spaulding. He has a son living in this county.

I never hear the name of Newfoundland but what I think of Pike and his Newfoundland dogs. I think he only kept five in that little old clerk's office. Some say he had more. To satisfy yourselves ask some old pioneer who was acquainted with him at that time.

It may become necessary to return to the old court house again to give the particulars of that snipe hunt that so many of the old citizens took such an active part in that night. Of the lawyers who prosecuted and those who defended but few are left here now.

It has been said that William J. Bryan was the originator of sixteen to one. I shall take issue, for I think it can be proven that it originated at the Moreland house, on the north side of the public square. I will go there next week.

IN AUTO ACCIDENT NEAR KANSAS CITY

Mr. and Mrs. Chester Bennett returned Tuesday night from a short trip to Kansas City. Mr. and Mrs. Bennett met with quite an experience Monday evening that might have resulted much more seriously than it did.

They left Maryville Monday morning at 7 o'clock for Kansas City in an automobile with Mrs. Bennett's brother, Homer Shipps, who was driving James B. Robinson's automobile, which he had exchanged in buying his new touring car, and was taking it to a Kansas City garage. Mr. and Mrs. Bennett intended to visit friends a few days before returning.

At 5 o'clock Monday evening, as they were within a mile of Kansas City and near a big bluff, one of the back wheels of the car came off, and Mrs. Bennett was whirled out, but she was caught by Mr. Bennett in time to prevent her going under the machine. She was not injured, other than badly frightened, but her dress skirt was torn to shreds.

The machine was running at a high rate of speed, but Mr. Shipps had it under perfect control and managed to stop it just in time to prevent it going over the cliff or bluff. He says he was not able to tell what prevented it turning completely over when the wheel went off.

They telephoned to Kansas City for another car and were taken to the city in a short time, and the car they made the journey in was repaired and Mrs. Bennett was fitted out with a new suit. They will have reason to remember their honeymoon trip. Mr. and Mrs. Bennett were only recently married. Mrs. Bennett was Miss Bernice Shipps.

LARGE MOTOR TRUCK ON WAY TO NEW YORK

A large travel worn Sauer Pioneer motor truck arrived in Maryville Tuesday night from St. Joseph and left Wednesday morning for Tarkio. W. H. Slingerland, formerly a cartoonist on the St. Joseph Gazette; Arthur C. Thompson, representing the Chicago agency of the motor truck manufacturers, and G. A. McLean, driver, are in charge of the car and taking an ocean to ocean trip. If they arrive in New York they will be the first to make a motor truck journey across the continent. The trip started from Pueblo, Col., March 4, and the car was driven over the mountains to San Francisco, arriving there May 24. The truck was sent back to Pueblo by freight. From there it started east to St. Joseph, will go to Omaha and Chicago, and then to its final destination, New York City. The truck is packed with emergency kits, and a complete camping outfit, so that the autoists are as comfortable as possible, and are able to make their own repairs if need be. Its sides are covered with photographs of the trip, and names are scribbled on every conceivable place on the car, with addresses from almost every town through which the car has passed.

The C. W. B. M. of the Christian church will hold an ice cream social on the court house lawn Saturday afternoon and evening, June 24th.

S. S. CONVENTION

INTERESTING SESSIONS OF A. M. E. SUNDAY SCHOOL WORKERS.

MANY GOOD PAPERS READ

Local Ministers Taking Part in the Sessions—Fifty-Six Delegates in Attendance.

At 2:30 o'clock yesterday afternoon the A. M. E. Sunday school convention was called to order by the district Superintendent, Miss Edna Cooper of Trenton, in the A. M. E. church of this city. Rev. J. K. Ponder and Rev. L. H. Harris conducted the devotional exercises, after which Miss Hattie Miles of Liberty was elected secretary, and the various committees were appointed.

Miss Cooper then delivered her annual address, which was full of good and wholesome advice. The committee on credentials made its report, showing an enrollment of fifty-six delegates.

Some excellent papers were read, which evoked not a little discussion. Considerable enthusiasm was aroused, and the outlook for an excellent meeting is bright.

At 8 o'clock the people assembled and listened to a sermon by Rev. J. M. Endicott, who spoke on a call to the ministry. The feature of the evening were the addresses of welcome by Dr. Ford, pastor of the First M. E. church, on behalf of the citizens of Maryville, and Miss Dorothy Fields on the part of the A. M. E. Sunday school.

Dr. Ford, in a very pleasing way, told how he felt that the colored people were to be commended for their marvelous progress in the face of such opposition as had been theirs. He said that they were co-workers with the Master in carrying out the divine plans, and he was pleased to note that they were doing their part of the work. Dr. Ford certainly won a warm place in the hearts of his hearers by the note of encouragement which he sounded.

At this morning's session Dr. Christie, the district superintendent of the M. E. church, and Rev. John of the M. E. church were introduced to the conference, both making encouraging addresses.

Rev. Endicott, Rev. Monroe, Rex Harris and Rev. Wells read papers, which were indeed full of thought and were happily received by the convention.

Dr. H. T. Kealing, president of Western university, is expected for this evening's service. Dr. Kealing is one of the most learned men of the church, and an address from him is always looked forward to with much delight.

HOUSE PASSES UNDERWOOD BILL

Measure Revising Wool Schedule Goes Through.

PARTY LINES ARE BROKEN.

Number of Insurgent Republicans Vote With Democrats—Report of Tariff Board Will Not Be Ready Until December—Taft Sends Message.

Washington, June 21.—The house, by a vote of 221 to 100, passed the Underwood wool tariff revision bill, providing for a reduction of the duty on wool and manufactures of wool. Twenty-four Republicans voted with the Democrats for the passage of the measure, and one Democrat, Representative Francis (O.), voted against it. In a special message to the house of representatives, Mr. Taft stated that the tariff board would not be ready to submit a comprehensive report on woolen and cotton schedules of the tariff law until December next.

The president's message was called out by a house resolution requesting him to transmit at once all of the information procured by the tariff board relating to wool and the manufacture of wool. Mr. Taft included in his message a statement from the tariff board as to the status of its inquiry and also a statement by a committee of the National Tariff Commission as association, which recently conducted an investigation of the methods of the tariff board. This report was highly commendatory of the board's work.

President Taft said he transmitted the house resolution to the board, which, in reply, prepared a statement enclosed.

In this statement the board said that statistics compiled by it from the latest available foreign and domestic sources covering the production, distribution and consumption of raw wool and woolen manufactures had already been transmitted, on request, to the ways and means committee of the house and used by it. The board declares it is conducting an inquiry which involves original research work that is world-wide in scope. A large amount of material has already been obtained.

"This incomplete information," the board says, "necessarily is fragmentary in character and if transmitted to congress would be not only of doubtful utility, but actually misleading. We shall develop the essential facts in relation to both the wool and cotton schedules in time for forwarding to congress next December, and in this endeavor we are not only working to the limit of the present appropriation, but to the utmost capacity of our entire force."

CROWD AT TRIAL OF SEE

Extracts of Books Written by Apostle of Absolute Life in Evidence.

Chicago, June 21.—A long line of people, school girls and boys and women, young and middle aged, struggled for an hour to get into the court room when the trial of Evelyn Arthur See, founder of the Absolute Life cult, charged with abduction, was resumed. Scores were turned away.

Manuscripts of two of See's books, containing the history of the cult, one of them written in jail, were admitted as evidence.

The prosecutor read many pages through which See claimed to be a divine agent for the purpose of purifying the world and creating a new race of men and women, all to be physically and spiritually perfect.

Peace in Peddlers' Strike.

Chicago, June 21.—Peace followed death and riots in the peddlers' strike when Mayor Harrison announced that the hawkers might cry their wares in the streets between the hours of 9 o'clock in the morning and 4 o'clock in the afternoon until the city council took further action concerning the repeal of the anti-noise ordinance. Scores were severely beaten and one man was slain in encounters resulting from the strike. George Metropolis was shot to death.

Opposes Union of Churches.

Philadelphia, June 21.—The Rev. Dr. John Clifford of London, president of the Baptist World alliance, now holding its second congress in this city, speaking before the delegates, took a firm stand against any "unity of organization among the Christian churches. Rev. Shailer Mathews of Illinois addressed the congress on the sufficiency of the gospel for the salvation of society.

Defer Selection.

Jefferson City, Mo., June 21.—The Democratic state committee deferred the selection of a national committee-man to succeed the late Moses Wetmore until a later date, because of the desire of the supporters of Senator Stone to avoid precipitating a clash with the followers of former Governor Polk.

Rev. Clyde Gow Denied New Trial.

Jefferson City, Mo., June 21.—The Rev. Clyde Gow, who is serving a four years' sentence in the penitentiary in connection with the death of Miss Lizzie Gleason of Lincoln county, was denied a rehearing of his appeal by the supreme court.

SCOUTS ARE TRAIN- ING IN FIRST AID

The Fox and Panther patrols of the Boy Scouts went on an all-day hike this morning. They will spend the day in signal practice with flags, the wig-wag system, and in first aid to the injured practice, preparatory to taking the examination of second class scouts.

Many scout masters throughout the country are placing much importance in the training of the boys in first aid. The boys, in fact, like the work and take pride in feeling that they are prepared in the case of emergencies to help either strangers or those dear to them. Clarence R. Craig, scout master of Phoenix, Ariz., gives much time each week to first aid work. He has prepared a list of ten questions regarding first aid, and he makes it a point to quiz the boys unexpectedly as to what they would do in certain emergencies. For instance, he makes it a point to turn quickly to a scout and ask, "What would you do for fainting?" "What would you do if you were with a companion on a desert on foot three miles from a doctor, and his thigh should be broken?" Another question is, "Describe the bones of the skull."

Dr. Charles T. Bell is giving the local scouts lessons in first aid to the injured, and they enjoy the work very much. Under his personal direction they are learning right methods and getting along much faster and better than they could by studying a manual.

MORE HAIR FOR MEN, WOMEN, CHILDREN.

The Koch Pharmacy Has the Secret and Gives It to the Readers of The Democrat-Forum.

To properly treat the hair so that it will grow abundantly and luxuriantly, one should first banish dandruff and stop falling hair and itching scalp. This can easily be done with Parisian Sage, sold by the Koch pharmacy with an absolute guarantee to cure dandruff, to stop all falling hair and itching scalp, or money back.

It cures dandruff by killing the germs, and it kills them so promptly that the most skeptical give it praise.

But Parisian Sage is more than a cure for dandruff—it will make hair grow on any head where the hair bulb is not altogether dead.

And we want every reader of The Democrat-Forum to know that Parisian Sage is the most delightful hair dressing in the world. It is so pleasant to use, and its effect is so invigorating that it causes the hair to become lustrous, fascinating and full of life.

Large bottles only 50 cents at the Koch pharmacy and druggists everywhere. Girl with Auburn hair on every package.

FOUND OUT HIS UNKNOWN FRIEND

For some months past Judge I. K. Alderman of this city has received post cards from various foreign ports of the world, signed "J. F. S.," on which would be written a message in familiar style that puzzled him greatly, because he could not think of any one he had ever known with those initials who was taking a foreign trip. On his birthday anniversary, which he celebrated recently, he happened to receive a photograph post card from "J. F. S.," evidently the likeness of the writer, a fine looking young soldier, and Judge Alderman was more puzzled than ever as to who his friend might be.

Finally, a letter to the late Judge Sam B. Arnold, received a few days ago and read by his administrator, George F. Woodworth, which was shown to Judge Alderman, revealed the identity of the young man, who is J. Frederick Snyder, chief yeoman on the battleship South Dakota, now at San Diego, Cal. Mr. Snyder is the son of Mrs. Anna Snyder of this city.

Judge Alderman at once wrote to the young man, and on Tuesday received a letter from him, in which he said:

"Quite often the desire to send post cards to my friends caused me to remember you from some of the ports I have visited, and my initials are rather misleading, as my 'S' is more of an 'L,' but I am very glad to be remembered by you.

"I have traveled, on board this vessel, something over 74,000 nautical miles and have visited a great many of the countries and cities of South America and the Orient, thereby gaining an experience which most people would greatly appreciate, and at the same time I have done very well from a naval standpoint, although I do not expect to continue in the service.

"With best regards and wishing yourself many more pleasant birthdays, I am,

Very truly yours,

"J. F. SNYDER,
"Chief Yeoman, U. S. Navy."

Eldon Irwin spent Sunday in Pattonsburg.

O. K. Herndon left Tuesday evening on a business trip to Oklahoma City.

HAVEMEMEYER TO FIGHT TRUST

Son of Late Sugar King Will Battle With Monopoly.

TELLS PLANS TO COMMITTEE.

If Court Gives Him Right to Vote Common Stock of the National He Will Make Company a Competitor of the American.

Washington, June 21.—With all the frankness of youth, Horace Havemeyer, the twenty-five-year-old son of the late sugar king, H. O. Havemeyer, told the house sugar trust investigating committee of his plans to fight the so called trust his father had built up. Incidentally, young Havemeyer defended every action of his father and scored those who today would condemn him.

In brief, the plan of Mr. Havemeyer is to procure from the courts the right to vote \$10,000,000 worth of common stock in the National Sugar Refining company, now in the name of James H. Post, buy enough of the preferred stock of the company to make a majority interest and then manage the company in opposition to the American Sugar Refining company.

"I want to make a career for myself," declared the young millionaire. "I have no interest in the American company and no sympathy with those who are running it now."

Then he defended his father's record and expressed his idea that a combination of commercial concerns was a "good thing," and that industrial advancement of the United States was due to "trusts."

Elder Havemeyer a Philanthropist. Mr. Havemeyer declared it as his belief that his father acted from philanthropic motives in organizing the first sugar combination in 1887. "He told my aunt," he said, "that the companies would either go 'busted' or be taken into a combination."

The reason his father sold his holdings in the American Sugar Refining company, when he was president, the son said, was because he did not want any one to say he was managing the American for his personal benefit. Young Havemeyer said his mother told him this was his father's idea.

"About the only person father talked affairs with was my mother or my aunt. Once a man—I think his name was White—said father was managing the company for his personal benefit. It made him so sick he decided to get rid of his stock. He had been getting \$100,000 salary as president, but was the only man who ever succeeded in running the American, and they have not had one like him since."

Mr. Havemeyer declared the combination of three companies into the National Sugar Refining company had the effect of increasing trade.

"And decreasing competition?" suggested Chairman Hardwick.

"Oh," he will admit that competition was reduced," the witness said, "but through the National the properties were made able to compete harder with outside companies."

A HARMLESS WAY TO DARKEN THE HAIR

A Little Sage and Sulphur Makes Gray Hair Vanish—A Remedy for All Hair Troubles

Who does not know the value of sage and sulphur for keeping the hair dark, soft, glossy and in good condition? As a matter of fact, sulphur is a natural element of hair, and a deficiency of it in the hair is held by many scalp specialists to be connected with loss of color and vitality of the hair. Unquestionably, there is no better remedy for hair and scalp troubles, especially premature grayness, than sage and sulphur, if properly prepared. The Wyeth Chemical Company of New York put up an ideal remedy of this kind, called Wyeth's Sage and Sulphur Hair Remedy, and authorized druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agent, Koch Pharmacy.

Many a Man Owes His Success to the Building

of a home because it has served as an anchor and kept him in a straight line and away, possibly, from the many "get rich quick" schemes which are so plentiful today and which so often mean riches only for the smooth tongued promoters thereof. By investing IN YOUR HOME TOWN you are dealing with values and people with whom you are acquainted—people who are interested in your welfare because your success means the success of others about you, and the more successful citizens a town can boast of the better place it will be. All the lumber we have in our yards was purchased with the view of giving our customers honest values, and when you decide to build we want to tell you more about our methods.
